Dear Mr. Jewers:

Re: Privacy Request for Review under the Personal Health Information Act of the Nova Scotia Health Authority [“custodian”] May 25, 2023 Decision in Response to a Privacy Complaint. Custodian File 2023-074 / OIPC File 23-00201. This file is currently in the Intake stage.

This letter is in response to your July 25, 2024, representations regarding your request to have your file expedited.

After carefully reviewing the materials and reasons you submitted, I have determined that your request does not meet our criteria to expedite. Specifically, you have not provided evidence that the privacy breach you allege is systemic, not contained, ongoing or likely to happen again. Please note that this decision is in regard to the search and transfer of your book bag on August 2nd and 3rd 2022 only.

Your file will therefore be placed in our queue and will be addressed in the chronological order it was received. Please hang on to any questions that you might have about the review or materials that you want to submit until you are contacted by an investigator in due course.

Regards,

Jason Mighton

Senior Investigator
